Nursery Department.

We grow and supply the best grade of nursery stock the market affords. Our facilities are very complete, every department being under efficient management. That our methods are meeting with popular favor is evidenced by the rapid growth our business enjoys. By purchasing from our Nurseries you are guaranteed High Quality stock. It is grown under most favorable conditions, dug and packed by skilled and careful workmen. Our nursery stock can be depended on to produce maximum results when planted under favorable conditions. The Nurseries are open to the public every day of the year, but positively no business will be transacted Sunday.

Landscape Department.

Landscape work, as now generally considered, involves such out-door problems as have to do with making public and private grounds more beautiful and useful. From the simplest to the most complicated work, best results can only be obtained by a thorough grasp of the questions involved, demanding a wide practical experience. Our landscape department is under well equipped and expert management. We are glad to offer suggestions and submit sketches for plantings without charge to intending purchases, but where landscape problems require special visits, plans, specifications, etc., a charge is made for professional services. We will be pleased to take up this matter more fully with those who are interested.

Gardening Department.

We maintain a force of competent gardeners who can execute gardening work in a thorough and practical manner. Pruning and otherwise caring for established trees, vines, etc., is a special feature of our winter work, and one that an owner can afford to put into experienced hands. Many trees whose worth cannot be counted in dollars, which are perishing from neglect, can be restored to health and given a new lease of life if given proper treatment. We can refer to many satisfied clients who have approved our planting plans, procured their stock from us and employed us to carry out the work. Genuine economy is many times gained by having all the work incidental to the carrying out of a landscape problem under one general contract.

THE ELM CITY NURSERY COMPANY,
EDGEOOUD, Edgewood Avenue, NEW HAVEN, CONN.
Copyrighted, 1909, by The Elm City Nursery Company, New Haven, Conn.
Important to Purchasers.

PRICES—NOTE CAREFULLY. Single-rate prices are for less than five of a kind. Ten-rate prices are for five or more and less than twenty-five of a kind. Hundred-rate prices are for twenty-five or more and less than 250 of a kind. Thousand-rate prices are for 250 or more of a kind.

We cannot agree to fill small orders for a few of a kind for less than single rates, as it oftentimes takes on over many acres of ground to fill a single order, and the proportionate expense of digging and packing orders must be taken into account.

SPECIAL DISCOUNTS ON TREES AND PLANTS. To those who send us orders for less than five of a kind, shipped at the same time, amounting to the following:

| Orders amounting to | $10.00, a discount of 5% |
| Orders amounting to | $30.00, a discount of 10% |
| Orders amounting to | $50.00, a discount of 15% |
| Orders amounting to | $75.00, a discount of 20% |
| Orders amounting to | $100.00, a discount of 25% |

Special discounts on larger orders. Send us list for estimate. These discounts apply to Trees and other Plants only, and not to grass seed, fertilizers, etc.

Trees and Plants individually selected at our nurseries or special quotations will be charged for according to quoted price without discounts. This does not mean that the rates will necessarily be advanced.

TERMS. Cash in advance from unknown parties who do not furnish satisfactory reference. We send invoice at time of shipment of order, and should any error be noticed on receipt of goods notify us immediately and we will do all in our power to rectify it.

HOW ORDERS ARE SHIPPED. We ship all large trees and other bulky orders, which are to go outside the city, by freight, unless otherwise requested. Medium sized orders can be shipped by express to advantage; this way is especially advisable where immediate arrival is desired. All orders are delivered free to local freight, express companies and in the city. We are not liable for delays by forwarding parties. If stock is not promptly received notify us and we will promptly trace.

PACKING. We make no charge for packing except where stock is purchased at hundred-rate prices or in the case of large bulky stock, or where we are requested to ship with carefully preserved balls of earth, etc., which necessitates devoting more time and packing material than is usual. In such instances a charge covering cost is made.

HOW TO REACH US. Our nursery and office are located at EDGEWOOD, Edgewood Avenue, just beyond Edgewood Park. The Edgewood Avenue cars direct to the nursery from the Railroad Station, and by transfer from transfer points. Parties autoing, driving or wheeling to the nursery will find West Chapel Street the best route, turning to the right at either Central or Alden Avenue.

EARLY ORDERS. To one familiar with the rush at the packing season, it must be obvious that it is impossible to fill an order requiring much time in its preparation on short notice without doing an injustice to others who have their orders previously booked. In fairness to all, we have adopted the practice of filling orders in the rotation received, unless orders are received far enough ahead of the packing season, with instructions to ship at a given date, so that we can arrange a special shipping date. So we again say—place your order as far in advance of shipping as you possibly can, stating when you would like stock sent.

THE ELM CITY NURSERY COMPANY,
EDGEWOOD, Edgewood Avenue, NEW HAVEN, CONN.
**General Descriptive Price List.**

The following lists are so arranged that quick reference can be made to sizes and prices of the stock we have to offer. We have used a popular classification, as follows:

- **Deciduous Trees.** Pages 3 to 9.
- **Foliage shooting in the Autumn.** Example, Maple.
- **Evergreen Trees.** Pages 10 to 13.
- **Foliage remaining on the tree throughout the year.** Example, Norway Spruce.
- **Evergreen Shrubs.** Page 14.
- **Foliage remaining throughout the year.** Example, Rhododendron.
- **Hardy Shrubs.** Pages 15 to 21.
- **Foliage dropping in Autumn.** Example, Lilac.

**Deciduous Trees.**

This *deep amber-leaved Norway Maple* (Schweder's) when it first develops in the Spring is the most intense amber red imaginable, changing as the season advances to a deep rich gold color, the same as the copper beech.

**ACER POLYMORPHUM (Japan Maple).** A graceful shrubby grower, foliage beautifully tinted in spring and very brilliant in the fall.

**GARDEN VARIETIES OF JAPAN MAPLES.**

Large Specimens, inquire for special list, $5.00 to $90.00.

**BLOOD-RED BROAD LEAF UPRIGHT.**

This variety produces an upright plant with broad handsome leaves of the most intense blood-red when they unfold in the Spring time, hold a deep maroon red all the summer and again become intensely brilliant in the fall.

**BLOOD-RED CUT LEAF WEEPING.**

Another most interesting variety with a spreading habit, whose foliage is so minutely dissected as to give the plant a very graceful fern-like appearance. Foliage similar color to preceding, but not quite as brilliant.

**GREEN CUT-LEAF WEEPING.** Similar to preceding other than color of foliage.

**GOLDEN BROAD LEAF (Palmatum).** Upright in habit, brilliant orange yellow.

**Also several other varieties.**

**Prices of these varieties see above under garden varieties.**

**FOR SPECIAL DISCOUNTS SEE PAGE TWO.**
ACER PSEUDO-PLATANUS (English Sycamore Maple). Forms a large spreading tree with handsome foliage.

ACER PSEUDO-PLATANUS VAR. ATRO-PURPURUM. This is a form of Sycamore Maple of which the underside of the leaves and leaf stems are of a rich crimson-purple, giving the tree a very rich color effect.

ACER PSEUDO-PLATANUS VAR. WOORLEI (Golden-leaved Sycamore Maple). Very interesting.

ACER RUBRUM (Red or Soft Maple).... Specimens, 12 to 25 feet, $8.50 to $12.50 each.

The most rapid-growing of all the Maples and is a very much planted tree for avenues. The habit is graceful and owns its name. Silver Maple, to the silvery foliage.

ACER RUBRUM VAR. SANGUINEUM. Variety of the Red Maple, with very brilliant Fall foliage.

ACER SACCHARINUM (Silver Maple).... Specimens, 15 to 29 feet, $10.00 to $15.00 each.

ACER SACCHARINUM VAR. WIEIRI (Wier's Cut-leaved). Specimens, 12 to 15 feet, $15.00 to $18.00 each.

ACER SACCHARINUM VAR. HETEROPHYLLUM. Form of the Silver Maple with drooping branches and a beautiful lawn tree.

ACER SACCHARINUM VAR. HETEROPHYLLUM (Fern-leaved). Specimens, 12 to 20 feet, $20.00 to $25.00 each.

ACER SACCHARINUM VAR. TURNERII. Form of the Silver Maple with effective foliage. 6 to 8 feet, $7.50 to $10.00 each.

A new and interesting form similar to Weir... 10 to 15 feet, $15.00 to $20.00 each.

ACER SACCHARUM (Sugar or Hard Maple). Specimens, 15 to 25 feet, $5.00 to $25.00 each.

The most popular Maple tree in the East as a shade and avenue tree. Of rapid and symmetrical growth thriving in a variety of soils and producing beautiful, brilliant foliage effects in Autumn. We have a fine lot of trees to select from.

ACER SPICatum (Mountain Maple).... 8 to 10 feet, $1.25 to $1.50 each.

ACER TARATICUM. Shrub-like tree, has brilliant autumn coloring, hardy and very desirable.

AEGLE SEPARIARIA (Trifoliate or Hardy Orange). 1 to 3 feet, $1.00 to $3.00 each.

ASCLEPIAS INDICUM (White Horsechestnut). 8 to 10 feet, $1.50 to $2.50 each.

A popular tree, well known for its beautiful foliage and showy flowers. A long-lived tree growing to great size.

AESCULUS HIPPOCASTANUM VAR. (Double White Horsechestnut). Very desirable.

AESCULUS HIPPOCASTANUM VAR. VIVIA (Pavia Macrostachyca) (Dwarf Horsechestnut). 4 to 5 feet, $1.75 to $2.00 each.

A shrub-like Horsechestnut, blooming in July, very desirable and makes a fine single specimen tree.

2 to 3 feet, $1.00 to $1.50 each.

AESCULUS HIPPOCASTANUM VAR. VIETRO (Golden Horsechestnut). Very hardy, long-lived and effective.

2 to 3 feet, $1.75 to $2.00 each.

AILANTHUS ALTIS CUS (Tree of Heaven).... 2 to 5 feet, $0.50 to $1.00 each.

Our trees are the fruiting form without offensive odor.

AMELANDCHIER CANADENSIS (Shad Bush).... 5 to 6 feet, $1.00 to $1.50 each.

ANDROMEDA ARBOREA, see Oxycodendron.

ARALIA, see Shrubs.

ASH, see Fraxinus.

BASSWOOD, see Tilia.

BEECH, see Fagus.

BETULA ALBA (European White Birch).... Specimens, 12 to 15 feet, $1.50 to $2.50 each.

This White Birch is a European species and grows to be a large tree, erect habit with drooping branch, bark silvery white.

8 to 10 feet, $1.00 to $1.50 each.

10 to 12 feet, $1.50 to $2.00 each.

18.00

BETULA ALBA VAR. PENDULA LACINIATA (Cut-leaf Weeping Birch). Specimens, 12 to 15 feet, $3.00 to $6.00 each.

A very popular form of the above with deep-cut foliage and pendulous growth to the side branches.

6 to 8 feet, $1.00 to $1.50 each.

8 to 10 feet, $1.75 to $2.50 each.

BETULA ALBA VAR. PENDULA YOUNG.... 8 to 10 feet, $2.50 to $3.00 each.

Foliage and bark like its parent, the European White Birch, but form is drooping, much like the Weeping Beech.

4 to 6 feet, $1.00 to $1.50 each.

5 to 8 feet, $1.50 to $2.00 each.

BETULA ALBA VAR. PURPUREA (Purple Leaf). Specimens, 5 to 8 feet, $5.00 to $8.00 each.

Form of the European White Birch with purple foliage.

6 to 8 feet, $1.25 to $2.00 each.

BETULA LENTA (Sweet Black Birch).... Specimens, 10 to 15 feet, $2.50 to $3.00 each.

A very interesting tree. Should be more generally planted. Graceful and expressive.

6 to 8 feet, $1.50 to $2.00 each.

7 to 8 feet, $1.50 to $2.00 each.

BETULA LUTEA (Yellow Birch).... Specimens, 12 to 15 feet, $1.50 to $2.50 each.

Large-growing native tree with silvery bark.

8 to 10 feet, $1.00 to $1.50 each.

9.00

BETULA NIGRA (River Red Birch).... Specimens, 12 to 15 feet, $3.00 to $5.00 each.

Reddish brown bark and very graceful. One of the most effective of our rapid growing native trees.

6 to 8 feet, $1.25 to $2.00 each.

8 to 10 feet, $1.25 to $2.00 each.

BETULA PAPYRIFERA (Cane Birch).... Specimens, 12 to 20 feet, $2.00 to $3.00 each.

The most rapid-growing of our northern woods.

Very rapid grower and should be used freely.

BIRCH, see Betula.

BUTTONBALL TREE, see Platanus.

FOR SPECIAL DISCOUNTS SEE PAGE TWO.
C. TO F

DECIDUOUS TREES.

CARPINUS BETULUS (European Hornbeam) ...... 12 to 15 feet. $5.50
This Hornbeam eventually becomes a large tree, making a fine appearance.

CARPINUS CAROLINIANA (American Hornbeam) ...... 12 to 15 feet. $3.00
It is much favored as a street tree because of its handsome gray bark, rough and interesting.

CARYA ALBA (American Elm) ...... 12 to 15 feet. $2.50
This is the handsome gray bark of the American Elm, and makes a handsome tree.

CASTANEA AMERICANA (American Sweet Chestnut) ...... 5 to 7 feet. $1.50
Our trees are grown from selected seeds.

CASTANEA CRENATA (Japanese Chestnut) ...... 4 to 5 feet. $1.50
These trees are very desirable, and make excellent specimens, especially when large.

CETALP HINCNI (Hornbeam) ...... 5 to 7 feet. $1.50
These trees have bumpy heads on straight stems, making excellent specimens, where formal effects are desired.

CETALP SPECIOSA (Rapid growing large trees) ...... 3 to 5 feet. $1.50
Rapid growing large trees with large heart-shaped foliage and large clusters of white flowers, making excellent specimens, especially where formal effects are desired.

CELTS OCCIDENTALIS (Neltte Tree) ...... 15 to 15 feet. $2.50
Eventually becomes a large tree. Foliage resembles elm.

CERNAUS (Specimens, $1 to 2 feet.) ...... 8 to 10 feet. $1.50
Thrive at a very small size.

CARYX JAPONICUM (Phillyllium) ...... 12 to 15 feet. $2.50
An interesting Japanese tree resembling the birches in habit, leaves heart-shaped, very hardy.

CERCS CANADENSIS (Judas Tree) ...... 4 to 6 feet. $1.50
Also known as Redbud. Flowers rosy pink before leaves.

CERCS CANADENSIS VAR. ALBA (White Judas Tree) ...... 2 to 3 feet. $1.50
Chestnut, see Castana.

CLADRASIS TINCTORIA (Yellowwood) ...... 12 to 15 feet. $2.50
An interesting species of the Celastrus group, producing beautiful wistaria-like leaves of a pleasing green in June. The leaves are ferned with drooping racemes of yellowish flowers, blooming in June and July. These trees are very desirable, and make excellent specimens, especially where formal effects are desired.

CLAUSUS AMURENSIS (Japanese Yellowwood) ...... 4 to 5 feet. $1.50
Also known as the American Elm, and makes a handsome tree.

CORMUS FORSSA (American Hornbeam) ...... 5 to 6 feet. $1.50
This is a very desirable tree, and makes a handsome specimen, especially when large.

CORMUS FLORIDA VAR. RUBRA (Red Flowering Hornbeam) ...... 5 to 6 feet. $1.50
Also known as the Crimson Hornbeam. Flowers rosy pink before leaves. This is a very desirable tree, and makes a handsome specimen, especially when large.

CORMUS FLORIDA VAR. PENDULA (Weeping) ...... 4 to 5 feet. $1.50
Also known as the Weeping Hornbeam. Flowers rosy pink before leaves.

CORMUS SHRUBBY FORMS, see Shrubs.

CRABAPPLE, see Pyrus.

CRATAEGUS CRISPALLI (Cockspur Thorn) ...... 4 to 5 feet. $1.50
Decorative species, picturesque habit, foliage glossy.

CRATAEGUS OXYCANTHA VAR. (Double White Thorn) ...... 5 to 6 feet. $1.50
An interesting form of Hawthorn, with corollas of white flowers flushed with pink as the blossom matures.

CRATAEGUS OXYCANTHA VAR. (Double Crimson Thorn) ...... 5 to 6 feet. $1.50
Also known as Paul’s crimson double Hawthorn. One of the most desirable and showy medium-sized trees.

OTHER THORN, see Pyrus.

CYPRESS, see Taxodium.

CYPRUS, see Laburnum and Shrubs.

DOGWOOD, see Cornus and Shrubs.

ELM, see Ulmus.

FAGUS FERRUGINEA (American Beech) ...... 6 to 7 feet. $1.50
Our native beech is a tree of noble proportions.

FAGUS SYLVAICA (European Beech) ...... Specimens, 8 to 10 feet, $3.00
This is the handsome gray bark of the European beech and makes a handsome tree.

FAGUS SYLVAICA VAR. HETEROPHYLLA (Fern leaf) ...... 4 to 5 feet. $2.00
This is a beautiful shrub-like form of the European beech and makes a striking object on the lawn.

FAGUS SYLVAICA VAR. PENDULA (Weeping Beech) ...... Specimens, 8 to 10 feet, $3.00
This unique form of the European beech is well known for its ornamental qualities, and is especially desirable, especially when large.

FOR SPECIAL DISCOUNTS SEE PAGE TWO.
PLANE, see Platanus.

PLATANUS OREGONALIS (Button-Ball) 12 to 15 feet. $2.80 32.50
A fine old world tree of very rapid growth. Very desirable for avenue planting and is preferable for that purpose to our native button-ball (occidentalis).

PLUMS, see Prunus.

POPULUS ALBA (European White Poplar) 6 to 8 feet. $1.75 6.00
POPULUS ALBA VAR. NIVIA (White Acerifolia) 6 to 8 feet. $2.50 15.00
Leaves of white poplar, leaves maple-shaped, dark green above and velvety white beneath. Makes most effective masses and by cutting back occasionally can be treated as a shrub; splendid for seashore.

POPULUS ALBA VAR. PYRAMIDALIS (Bolleana), Specimens, 12 to 15 feet. $5.00 to 6.00
Resembles the Lombardy poplar in shape, but has the rich colored bark and downy white leaves of the white poplar.

POPULUS DELTOIDES (Carolina Poplar), Specimens, 12 to 15 feet. $2.00 to $3.00
A much-used tree where quick results are required; of very rapid growth under varying conditions, with glossy clean foliage.

POPULUS DELTOIDES VAR. VAN GEEFTI (Golden Leaved Poplar), Specimens, 12 to 15 feet. $2.50 5.00
A most delectable golden foliage tree.

POPULUS NIGRA VAR. PYRAMIDALIS (Lombardy) 12 to 15 feet. $4.00 30.00
A favorite tree where striking pyramidal masses of foliage are required. Used in creation of formal garden effects.

POPULUS TRICHOCA RP A Very fine, willow-like, fragrant leaves, very graceful.

PRUNUS CERASIFERA VAR. (Pissard’s Purple Plum) 10 to 12 feet. $5.00 60.00
Brilliant, amethyst-red foliage, becoming more pronounced as the season advances.

PRUNUS AVIUM VAR. FL. PL. (Double Cherry) 4 to 5 feet. $1.75 9.00
Beautiful double-spray garden form of the cherry.

PRUNUS PEN DULA (Japanese Weeping Cherry) 4 to 5 feet. $2.50 15.00
Delightfully graceful, delicate pink flowers before foliage matures.

PRUNUS PERSICA VAR. FL. PL. RUBRA 4 to 6 feet. $.50 3.00
Vividly, very effective.

PRUNUS TRIOLOBA (Double Flowering Plum) 2 to 3 feet. $3.50 25.00
Beautiful, large, double bloom.

PTELEA TRIFOLIATA (Hop Tree) 4 to 5 feet. $.50 3.00

PTELEA TRIFOLIATA VAR. AUREA A golden form of the Hop tree; foliage of a most brilliant yellow, which does not suffer from the sunlight.

PYRUS CORONARIA VAR. (Bechet’s Crabapple) 3 to 4 feet. $.75 6.00
Double form of the Western Crabapple. Light pink.

PYRUS FLORIBUNDA (Japan Pink Crabapple) 2 to 3 feet. $.75 6.00
Graceful, small trees; pink pendulous flowers.

PYRUS HALLIANA VAR. PARI MARIKI 3 to 4 feet. $.50 3.00
Pendant of all the Japan flowering crabapples.

QUERCUS ALBA (American White Oak) 4 to 5 feet. $.75 5.00
One of America’s most noble trees.

QUERCUS BICOLOR (Water White Oak) 4 to 5 feet. $.75 5.00

QUERCUS COCCINEA (Scarlet Oak) 3 to 4 feet. $.75 6.00
Grows to be a large tree of grand proportions. Leaves resemble the Pin Oak somewhat in form and coloring, but less deeply divided. Brilliant, deep red coloring.

QUERCUS ILICIFOLIA (Dwarf or Scrub Oak) 4 to 5 feet. $.75 5.00
Interesting shrub; grows well on very sandy ground.

QUERCUS PALUSTRIS (Pin Oak) 12 to 15 feet. $3.00 25.00
Pin Oak. The Pin Oak is by far the most planted of all the native oaks. Graceful in form, glossy, deeply-lobed foliage, changing from green to rich crimson in the autumn.

QUERCUS PEDUNCULATA (English Oak) 6 to 8 feet. $1.50 12.50 100.00
Lives to great age and is a noble tree.

QUERCUS PEDUNCULATA VAR. CONCORDIA 6 to 8 feet. $2.50 25.00
One of the best yellow colored oaks.

QUERCUS PEDUNCULATA VAR. FASTIGIATA 6 to 8 feet. $1.50 15.00
The English oak is quite pyramidal and makes a striking form in contrast with other forms.

QUERCUS PRINUS (Chesnut Oak) 3 to 4 feet. $.50 4.00

QUERCUS RUBRA (Red Oak) 3 to 4 feet. $1.50 12.50

RIBES see for sale.

ROBINIA PSEUDACACIA (Locust Acacia) 4 to 5 feet. $.75 6.00
Very rapid-growing tree with attractive pea-green foliage. Excellent for framework. Not quite so attractive as the similar flowers. "Ask for special prices for forestry planting." ROBINIA HISPIDA (Rose Acacia) 3 to 4 feet. $.50 4.00
Flowers rose-pink in racemes.

ROSE ACACIA, see Robinia.

SALUSBIRIA, see Gilgo.

*For special discounts see page two.*
CHAMAECYPARIS PISIFERA VAR. PLUMOSA AU-REE.

Specimens, 2 to 5 feet, $3.50 to $5.00

Similar to the preceding 3 to 5 feet, 1.50 to 2.00

two, preceding 3 to 5 feet, 1.00

forms, with 8 to 12 inches, 0.75

a rich, green, 6 to 8 inches, 0.50

can foliage much more pronounced on the growing tips.

CHAMAECYPARIS PISIFERA VAR. PLUMOSA VAR. JUNIPERUS COMMUNIS (Juniper) Specimens, 3 to 4 feet, $2.50 to $3.00

Our stock is grown from the form native in this vicinity, with a flat habit, making spreading bushes. 1 to 2 feet, 1.00

1.50

JUNIPERUS COMMUNIS VAR. AUREA

12 to 18 inches, 1.50

Very fine golden form of the above. 8 to 12 inches, 1.00

JUNIPERUS COMMUNIS VAR. HIBERNICA (Irish)

2 to 3 feet, 1.50

The well-known Irish Juniper, pyramidal in form and habit, of a striking silvery gray foliage. 3 to 4 feet, 1.00

JUNIPERUS CHINENSIS (Chinese Juniper) Specimens, 2 to 3 feet, $2.50 to $3.00

Foliage light green; especially rich in the winter. 8 to 12 inches, 1.50

JUNIPERUS JAPONICA Specimens, 2 to 3 feet, $2.50 to $3.00

An interesting, low-growing form from Japan. 12 to 18 inches, 1.50

JUNIPERUS MACROCARPA (Neahorinensis) Specimens, 2 to 4 feet, 1.50

Shrub-like and resembling our native red cedar. 5 to 10 feet, 1.50

JUNIPERUS SABINA VAR. PROSTRATA

2 to 3 feet, 1.50

Clings to the ground. Fine for rock gardening. 1 to 2 feet, 1.50

JUNIPERUS VIRGINIANA (Red Cedar) Nursery grown specimens, 4 to 10 feet, $1.50 to $2.00

Our native red cedar, well known for its striking form 3 to 4 feet, 1.00

and beautiful color. 5 to 6 feet, 1.50

JUNIPERUS VIRGINIANA VAR. GLAUCA Specimens, 5 to 8 feet, $3.00 to $5.00

A silvery form of the preceding. 5 to 6 feet, 2.00

17.50

JUNIPERUS VIRGINIANA VAR. PENDULA Specimens, 4 to 8 feet, $5 to $10

This variety has long gracefully drooping branches. 4 to 5 feet, 2.50

15.00

PICEA ALBA (White Spruce) Specimens, 4 to 10 feet, $3.00 to $5.00

This fine compact native spruce resembles the Norway 3 to 4 feet, 1.50

Sage excepting that it is much more compact and a 2 to 3 feet, 1.00

species, is also very much harder. 1 to 2 feet, 0.50

PICEA ALBA VAR. AUREA

Specimens, 2 to 6 feet, $2.50 to $3.00

Known as the Glory of Spruces, silverly, gracefully to 18 inches, 1.50

tipped golden. 12 to 18 inches, 1.00

PICEA BICOLOR (Alcock’s Spruce) Specimens, 2 to 6 feet, $3.50 to $7.50

European species, leaves green above and silvery blue 18 inches, 1.50

beneath. Very 12 to 18 inches. compact in habit of growth. 1.00

P I C E A  E N G E L- S A ( N e r w a y  Spruce)

Specimens, 6 to 20 feet, $2.50 to $4.00

Very rapid growth of a pleasing 5 to 6 feet, 2.50

tree. The best 12 to 18 inches. 1.00

One of the best 12 to 18 inches. 1.00

Rocky Mountain Evergreens Effect of the tree 1.75

very striking. Resembles the blue spruce.

"P I C E A  "I N C E L.

Another view in nursery, where many beautiful specimens are now ready to transplant and use in the many ways which beautiful gardens.

For special discounts see page two.
PSEUDOTSUGA DOUGLASII (Douglas Spruce) Specimens, 3 to 6 feet, $2.50 to $10.00. A native of the Pacific coast of the U.S., very hardy and a
acter of our native hemlock in this respect. It is a most 20 to 30 inches,
rapid grower. 15 to 30 inches.

PSEUDOTSUGA DOUGLASII GLAUCA ... Specimens, 2% to 5 feet, $9.00 to $10.00. A garden variety of the above with very bluish foliage.

RED CEDAR, see Juniperus.

RETNISPORA, see Taxus and Abies.

TSUGA BACCATA VAR. REPANDA ... Specimens, 12 to 15 inches, $1.00 to $3.00. Tsuga CANADENSIS (American Yew) ... Specimens, 18 to 24 inches, $2 to $3. A native evergreen, very hardy, and is one of the few 12 to 18 inches.

TSUGA CUSPIDATA VAR. NANA (Japan Yew). Specimens, 18 to 24 inches, $2.00 to $10.00. A rare and beautiful, low-growing evergreen from 12 to 18 inches.

THUYA OCCIDENTALIS (Arborvitae). Specimens, carefully trained, 3 to 6 feet, $1.00 to $25.00. Also known as White Cedar. All things considered, 6 to 7 feet, $2.00 to $17.50.

As this native evergreen and its numerous varieties are
among our most useful evergreens, very easy to trans-plant, and thriving on a great variety of soils, they are
naturally in very great demand. Our stock, especially in
the small and medium sizes, is very large. Special prices 8 to 12 inches, $1.50 to $17.50.

THUYA OCCIDENTALIS VAR. COLUMBIA Specimens, 4 to 8 feet, $1.75 to $15.00.

THUYA OCCIDENTALIS VAR. COMPACTA Specimens, 8 to 12 inches, $1.00 to $7.50. Very dwarf and cushion-like. 4 to 6 inches, $2.00 to $5.00.

THUYA OCCIDENTALIS GEO. PEABODY Specimens, 2 to 4 feet, $2.00 to $10.00. One of the best golden forms. 12 to 15 inches, $1.75 to $6.00.

THUYA OCCIDENTALIS VAR. GLOBOSA Specimens, 2 to 6 feet, $2.50 to $10.00. Develops into globe-like head, quite dwarf, seldom get 10 to 15 inches, ting to be more than three feet high. 12 to 15 inches, $1.50 to $12.50. 8 to 12 inches, $1.00 to $7.50.

THUYA OCCIDENTALIS VAR. HOVEYI Specimens, 2 to 8 feet, $1.00 to $5.00. Globular in form; foliage light green with a golden 15 to 24 inches. 1.00 to $9.00.

THUYA OCCIDENTALIS VAR. PYRAMIDALIS Specimens, 5 to 10 feet, $20.00 to $90.00. Pyramidal form, rich dark green foliage. Useful 3 to 4 feet, $1.50 to $12.50. where a formal column of deep green is required. This 2 to 4 feet, $2.00 to $10.00. form is also very desirable for hedges, as its habit is 1 to 2 feet, $2.50 to $40.00. very upright. 3 to 4 inches, $0.50 to $25.00.

THUYA OCCIDENTALIS VAR. WAREANA (Siberian). Specimens, 2 to 6 feet, $25.00 to $125.00. Compact and dense foliage, the color remains quite 3 to 4 feet, $2.00 to $20.00. a rich green throughout the year. One of the best. 3 to 4 feet, $1.00 to $7.50. of hardy evergreen plant grade. 2 to 3 feet, $0.50 to $3.50.

THUYA ORIENTALIS (Arborvitae) Specimens, 4 to 10 feet $25.00 to $100.00. Brilliant evergreens with close ascending branches of 3 to 4 feet, $1.00 to $6.00. and as an accessory. 2 to 3 feet, $0.50 to $3.50.

THUYA ORIENTALIS VAR. ELEGANTISSIMA ... Specimens, 6 to 8 feet, $20.00 to $100.00. More upright and pyramidal, the tips of new growth very brilliant yellow.

TSUGA CANADENSIS (American Hemlock) ... 4 to 7 feet, $15.00 to $50.00. Its pendant branches and soft deep green foliage ap-
peal favorably to us all. It is one of the very few 3 to 4 feet, $1.50 to $9.00. evergreens that grow well in the shade of other trees; 1 to 2 feet, $0.50 to $4.00. it often seems to reach its most beautiful development 9 to 12 inches, $0.25 to $15.00. under these conditions. For general lawn and landscape planting this hemlock lends itself in more ways than perhaps any other evergreen. A specimen, 12 to 18 inches, $5.00 to $15.00. in groups or for free planting throughout a woodland.

TSUGA CANADENSIS VAR. ATROVIRENS, Specimens, 2 to 8 feet, $8.00 to $40.00. Very rich foliage and densely disposed.

TSUGA CANADENSIS VAR. PENDULA (Sargent’s). Specimens, 3 to 6 feet, $8.00 to $25.00. Most unique, branches very drooping. 12 to 18 inches, $1.50 to $12.50. From Japan. This hemlock has slender branches and 2 to 3 feet, $2.00 to $17.50. bright glossy foliage and is very rare and beautiful. 1/2 to 2 feet, $1.50 to $12.50.

Specimens, 4 to 6 feet, $1.00 to $3.00 each.

This is a popular garden shrub. The varieties listed 3 to 4 feet, are all very desirable and cover a great range of color and form. Flowers double unless otherwise noted. 1 to 2 feet, .35 to 2.50 17.50

VARIETIES;

BICOLOR, Flower variegated rose and pink.
BOULE DE FEU, Violet red, well formed flowers.
CONTIE DE HAUNAUT, Good form, light pink.
JEANNE D'ARC, New variety, fine foliage, blooms pure white.
LUTEOLA PLENA, Creamy white and double, quite dwarf.
LEOPOLDI, Flesh color and large, deep-cut foliage.
PAEONIAFLORA, Rose purple.
PULCHERMIUS, Very rose.
TUTS ALBUS SIMPLEX, Dwarf, single, purest white.
SINGLE BLUE, Pleasing shade of blue, a novelty in altheas.
ST. CLAIR, Light pink, rose at base.
VARIEGATA, foliage variegated. Flower buds deep crimson.
HIPPOPHAE RHAMNOIDES (Sea Buckthorn)
3 to 4 feet.
Shrubs with whitish appearing leaves and very showy foliage.

HONEY Suckle, see Lonicera, also Flowering Vines.

HYDRANGEA ARBORENSIS
4 to 5 feet.
A native shrub which makes a very attractive plant. 3 to 4 feet, .50 to 3.00 10.00

HYDRANGEA RADIATA
with abundant showy panicles of bloom in June and July, 2 to 3 feet.

HYDRANGEA ARBORENSIS VAR. GRANDIFLORA ALBA
This is a wonderful new shrub. Perfectly hardy. Strong, 2-year old, enormous heads of pure white blooms in June and strong, 1-year old, July. (See illustration). Very effective as a single specimen, in groups or massed in the foreground of larger shrubs or trees.

HYDRANGEA PANICULATA
3 to 4 feet.
Shrub erect, the flower heads stand upright.

HYDRANGEA PANICULATA VAR. GRANDIFLORA
Specimens grown to single stem with bushy tops, $1.00 to $5.00 each.
Specimens, 6 to 8 feet, very bushy from ground up, $2.00 to $5.00 each.

Thriving under a great variety of conditions, it can be used in so many ways effectively. As a single plant 3 to 4 feet, standing alone it can be trained into a fine specimen. 2 to 3 feet, .50 to 2.50 10.00

HYDRANGEA QUERCIFOLIA
Magnificent shrub native to Eastern United States, 18 to 24 inches. Large hold foliage which turns brilliant red in fall; rare, 12 to 18 inches.

HYDRANGEA RADIATA
3 to 4 feet.

HYPERICUM AUREUM
2 to 3 feet.

July and August. 1 to 2 feet.

ILEX SERRATA (Japan Black Alder)
2 to 3 feet.

Very rare, similar to the following, bearing bright red berries.

ILEX VERTICILLATA (Black Alder)
3 to 4 feet. 75.00
Native of great beauty, especially when in the glory of its autumn load of brilliant red berries.

INDIGO SHRUB, see Amorpha.

ITEA VIRGINICA
Low-growing shrub with glossy foliage and white 18 to 24 inches. Bird cherries, the plant of choice. June to August. 18 to 24 inches.

JAPAN QUINCE, see Cytisus.

KERRIA JAPONICA (Globe Flower)
2 to 3 feet.
Graceful shrub with deep green bark and yellow blooms. 1 to 2 feet.

KERRIA JAPONICA VAR. AUREA (new)
18 to 24 inches.

KERRIA JAPONICA VAR. LACINATA

KERRIA JAPONICA VAR. FL. PL. (Double)
3 to 4 feet.
Form of Kerria 2 to 3 feet. With quite double bloom, resembling small yellow roses.

KERRIA JAPONICA VAR. NA-
NA VARIEGATA
Quite dwarf 18 to 24 inches. Quite hardy, blooming with yellow foliage, blooms single and yellow.

LIGUSTRUM AMURENSE.
(Anmar Privet)
4 to 5 feet.

A very hardy, tipe producing snow bright white flow- ers and quantities of jet black fruits in the fall and winter.

LIGUSTRUM CALIF.
A very hardy 3 to 4 feet.

Bushy privet similar. Bar to the above.

2 to 3 feet. $0.50 4.00

Well-known early dwarf Almond, clear pink flowers.

PRUNUS AMYGDALUS VAR. ALBA (Flowering Almond). 
White form of preceding. $0.50 4.00

QUINCE (flowering), see Cydonia.

RHODOTYPOS KERRIOIDES 
Specimens, 4 to 6 feet, $1.00 to $1.50.

Effective shrub bearing pure white flowers in May. $0.50 3.00

RHUS AROMATICA (Fragrant Sumach) 
2 to 3 feet. $0.75 4.00

Low spreading shrub with glossy, fragrant foliage. $0.50 3.00

18 to 24 inches.

RHUS COPOLINA VAR. COTINUS (Cotinus). 
Specimens, 4 to 5 feet, $1.00 to $1.50.

Beautiful native shrub, glossy foliage, and the foliage $0.50 3.00

in the fall is very brilliant.

RHUS COTINUS (Smoke Bush) 
Specimens, 5 to 8 feet, $1.50 to $2.00.

Well-known tree-like shrub, profusely plumed with its $0.75 5.00  

feathery flower stems. Gives a very pleasant effect. 
5 to 4 feet, $0.50 3.00 20.00

RHUS GLADRA VAR. LACINI- 
ATA (Cleft-leaved Sumach) 
2 to 3 feet. $0.50 4.00

Very graceful.

RHUS TYPHINA VAR. LACINI- 
ATA (New) 
5 to 7 feet. $1.00 8.00 15.00

This remark- 4 to 5 feet. $0.75 6.00 10.00

able variety of 4 to 5 feet. $0.50 3.00 5.00

our native stage. 4 to 5 feet. $0.50 3.00 5.00

h o r n sumach 
has the same rapid growth of the common form, producing $0.50 3.00 10.00

the same showy cones of bright yellow fruit, but the 

leaves are so beautifully formed that they rival the 

most delicate fern in their intricacy. Massed with other fo-

lage shrubs the effect is very striking. This shrub will thrive 

on the poorest of soils.

RYDES AUREUM (Yellow Flowering Currant) 
Favorite old shrub with spicy pendant flowers. $1.00 5.00

4 to 5 feet.

ROSE, see pages 30 and 31.

ROSE ACACIA, see Deciduous Trees.

RUBUS DELICIOSUS. 
2 to 3 feet. $0.50 4.00

Rosy mountain Raspberry with pure white flowers.

SAMBUCUS CANADENSIS (American Elder) 
2 to 3 feet. $0.50 3.00

Native plant. Very useful shrub, especially for plant- 

ing on moist ground.

SAMBUCUS CANADENSIS VAR. LACINIATA (New) 
A very beautiful variety with graceful form-like foliage 

and very rapid growth, forming a bush with rich and 

six feet tall and bearing large terminal clusters of fragrant 

crispy white flowers in July, soon followed by jet-black 

fruits, which are very showy, resembling its parent in 

this respect. The foliage is its distinctive feature, being 

so finely laminated as to give the whole plant a very 

feathery and attractive effect.

SAMBUCUS CANADENSIS VAR. AUREA (Golden Elder) 
A popular golden-foliaged form of the preceding, very $0.50 3.00 15.00

useful for massing for color effect.

2 to 3 feet.

SILVER THORN, see Eleagnus.

SMOKE-TREE, see Rhus Cotinus.

SNOWBALL, see Viburnum.

SNOWBERRY, see Symphoricarpos.

SORBIA SORBIFOLIA (Spiraea) ................... 3 to 4 feet. 20. 30. Graceful, rapid growing shrub with sumach-like leaves.

SORENTHORN, see Sideroxylon. Small terminal clusters of showy white blooms in July.

SORDUS AHRTIOLIUA (Sorbus Chokecherry) .... 3 to 4 feet. 20. 30. Graceful low growing shrub, brilliant autumn foliage.

SPICE-BUSH, see Banean. 2 to 3 feet. 50. 30. Graceful low growing shrub, brilliant autumn foliage.

SPIRAEAL ALBIIFLORA (Japomnia Alba) ....... Specimens, 2 to 3 feet. 1.00. 1.00. Low growing, white panicles in July and August.

SPIRAEA ARGITA (Specimen, 5 to 6 feet. $1.00 to Spectacular in the garden, but is taller and leaves broader.

SPIRAEA BULALTA (Crispifolia) ............... 2 to 3 feet. 50. 30. Very dwarf, crinkled dark green foliage; flowers deep rose pink.

SPIRAEA BUMALDA, Specimens, 2 to 4 feet. $1.00 to Another dwarf bushy type with rose pink flower heads.

SPIRAEA BUMALDA VAR. A. WATERER. Specimens, 3 to 4 feet, $1.00 to New form of preceding with very deep red blooms.

SPIRAEA BUMALDA VAR. NATURAL. New form of preceding with very deep red blooms.

SPIRAEA PRUNIFOLIA (Plum-Leaved). Specimens, 4 to 5 feet. $1.00 to New form of preceding with very deep red blooms.

SPIRAEA PRUNIFOLIA VAR. P. L. PL. (Bridal Wreath). Specimens, 4 to 5 feet. $1.00 to New form of preceding with very deep red blooms.

Usually known as Bridal Wreath, a fine old garden shrub, foliage in the fall very brilliant.

SPIRAEA THUNBERGI .......... Specimens, 4 to 6 feet, $1.00 to Charming spirea with graceful form and abundant bloom. Its delicate foliage turns quite bright in the fall.

SPIRAEA VAR. HOUTTEI .......... Specimens, 4 to 7 feet, $1.00 to Charming spirea with graceful form and abundant bloom. Its delicate foliage turns quite bright in the fall.

SPIRAEA VAR. MARMORATA .......... Specimens, 4 to 7 feet, $1.00 to Charming spirea with graceful form and abundant bloom. Its delicate foliage turns quite bright in the fall.

Perhaps the most beautiful of all the spireas, both in leaf and bloom. Form is graceful and the blooms

STEPPANANDRIA FLEXUOSA .......... Specimens, 4 to 5 feet. $1.00 to Small shrub, foliage deeply toothed; graceful, pendant branches. Splendid foreground plant.

ST. JOHNSWORTH, see Hypericum.

SUMACH SHRUBS, see Calycanthus.

STUARTIA PENTAGNYA .......... Specimens, 4 to 6 feet. $1.50 to A beautiful native shrub with creamy white flowers

SUMACH, see Rhus.

SUMACH, CUT-LEAVED, see Rhus.

SWEET SHOUB, see Calycanthus.

SYMPHORICARPUS RACEMOSA (Snowberry) ..... 3 to 4 feet. 50. 30. Charming spirea with graceful form and abundant bloom. Its delicate foliage turns quite bright in the fall.

SYMPHORICARPUS VULGARIS (Indian Coral) ... 3 to 4 feet. 50. 30. Charming spirea with graceful form and abundant bloom. Its delicate foliage turns quite bright in the fall.

SYMPHORICARPUS VULGARIS VAR. MARMORATA (Snowberry) ..... 3 to 4 feet. 50. 30. Charming spirea with graceful form and abundant bloom. Its delicate foliage turns quite bright in the fall.

SYMPHORICARPUS VULGARIS VAR. VARIEGATA. Form of preceding with variegated foliage.

SYNARINGAFUSICA (Japomnia Tree Lilac), Specimens, 5 to 7 feet. $3.00 to A stately tree-like shrub, producing large terminal clusters of creamy white blooms in July.

SYRININGA JOSIKAE (Late Blooming Blue Lilac). Tall shrub with glossy foliage, bloom a deep blue, and weeks later than the common lilacs.

SYRININGA PERSICA (Persian or French Lilac). Graceful lilac with beautiful blooms A

TECOA GRANDIFLORA (Japan Trumpet Creeper)  
3 to 4 feet, $0.50.  

TECOA RADICANS (Trumpet Creeper)  
3 to 4 feet, $0.50.  

Our native species and a very desirable vine.  

WISTARIA CHINENSIS (Purple)  
3 to 4 feet, $0.50.  

One of the best Wisterias; blooms before leaves appear. The many ways that this splendid vine can be used to advantage make it one of our most important vines.  

WISTARIA CHINENSIS VAR. ALBA (White)  
3 to 4 feet, $0.75.  

White form of the preceding. Very effective.  

WISTARIA MULTIVAGA  
4 to 6 feet, $1.50.  

WISTARIA SPECIOSA (American Wisteria)  
3 to 4 feet, $0.50.  

This Wisteria blooms after the leaves are developed.  

WOODBINE, see Ampehlopis.  

FOR SPECIAL DISCOUNTS SEE PAGE TWO.
Hardy Herbaceous Plants.

All plants whose roots are hardy and remain alive from year to year and whose tops die annually to the ground are classified under this heading. It includes such splendid garden plants as Paeonies, Iris, Larcksps, etc. The great ease with which these plants can be grown and their great variety of color and form and season of bloom make them indispensable for the garden. Of late years, there has been a steadily increasing demand for these clump-forming plants as well as a great development in the development of new varieties. We are making now a specialty at the nursery, growing them in large quantities on especially selected beds of the most favorable conditions. The classification is the one now adopted by Prof. L. H. Bailey in the Cyclopedia of American Horticulture.

Height at flowering season and time of blooming, general color of bloom, and very brief descriptions only are attempted in this abridged list.

Alphabetical List.

ACHILLEA FiliPENDULINA (Fern-leaved Yarrow). 3 to 4 feet. June to September.

*ACHILLEA MILLEFOLIUM VAR. RUBRA (Red Yarrow). 1 to 3 feet. June to October. Attractive, fern-like foliage, which is very ornamental. Wine red.

ACHILLEA PTERAMICA VAR. Pl. PL. (Pearl). 1 to 2 feet. May to October. Double white. A very effective plant, especially when in bloom. Much prized as a cut flower.

ACONITUM AUTUMNALE (Monk’s Hood). 5 to 6 feet. September, October. Deep blue and a stately showy plant.

ACONITUM FISHERI (Monk’s Hood). 4 to 6 feet. August and September. Light blue.

ACONITUM NAPPELLUS (Monk’s Hood). 3 to 4 feet. June to October. Deep blue.

ACONITUM NAPPELLUS BICOLOR (Monk’s Hood). 3 to 4 feet. July and August. Blue, mottled with white.

ACONITUM PULCHRULUM ALBUM (Monk’s Hood). Like preceding, but flowers almost white.

ADINAND NEEDLE, see Yucca.

AEGOPODIUM PODAGRAEIA VARIEGATA. One foot. Splendid for covering the ground under trees. Will grow anywhere, even in shady places.

ALTHAEA (Hollyhock). Always a popular garden plant and while they are grown from seed it takes one season of growth before they will bloom. There is always, therefore, a demand for plants of this blooming size. They require a very rich soil to get the best results. Following colors: Double Crimson, Red, White, Yellow, Single-mixed; Double-mixed; Allegheny—semi-double.

ALYSSUM SAXATILE (Golden-tuft). ½ to 1 foot. May and June. Forms a clump of velvety foliage and flowers are the richest yellow and fragrant.

ANEMONE JAPONICA. 2 to 4 feet. September and October. Graceful and charming in every way. Thrives best in well drained soil and protected exposure.

ANTHEMIS TINCTORIA ALBA. 2 to 3 feet. July to October. Creamy white.

ANTHEMIS TINCTORIA VAR. KELWAYI. 2 to 3 feet. July to October. Brilliant yellow edges in great masses, splendid for cut flowers.

APIOS TUBEROSA. 6 to 8 feet. July. Of climbing habit and with wistaria-like foliage. Blossoms of the same kind of flowers as in the preceding, but in smaller quantities. September.

AQUELEIGA COERULEA (Columbine). 1 to 2 feet. May to September. This is the Rocky Mountain Blue Columbine with the long spurs.

AQUELEIGA COERULEA HYBRIDA. 1 to 2 feet. May to September. A great variety of shades from deep blue to rose.

AQUELEIGA CHRYSANTHACA. 3 to 4 feet. May to September. Another Rocky Mountain Columbine with yellow spurs.

AQUELEIGA CHRYSANTHACA VAR. ALBA. 2 to 3 feet. May to August. Like preceding.

AQUELEIGA VULGARIS (European Columbine). 1 to 3 feet. June to August. Rose blue, white, assorted colors.

ABRIS ALBIDA (Rock Cress). ½ to 1 foot. April. A beautiful low-growing plant with velvety foliage which is evergreen. Mass of snow-white in April, making it one of the earliest plants to bloom.

*ARUNCUS SYLVESTRE (Spiraea Aruncus). 5 to 6 feet. May and June. Creamy white. A desirable, strong-growing plant.

ARUNDO DONAX (Grass Reed). 8 to 20 feet. Decorative tall grass in masses or clumps. June, July.

ASCLEPIAS TUBerosA (Butterfly Milkweed). 2 to 3 feet. May and August. ASPERULA ODORATA (Sweet Woodruff). 6 to 8 inches. July and June. White.

The above Hardy Herbaceous Plants are consigned in three sizes, as follows, unless otherwise noted. The very heavy field clumps can only be supplied in the sorts marked with * to the left.

Size Available Each $1.00

Very strong Field Clumps (Express or Freight) 500. 50c. $4.00 $5.00

Strong Field Grown, usual size (Express recommended). 250. 25c. 2.00 15.00

Smaller size (mostly field grown) 100. 1.25 10.00

FOR SPECIAL DISCOUNTS SEE PAGE TWO.
HARDY HERBACEOUS PLANTS.

Shasta Daisy, see Chrysanthemum below.

ASTER ALPINA. 6 to 8 inches. May to June. Low growing plants; fine for borders; effective for rockery. Flowers bright purple, rich yellow center.

ASTILBE TREVAYE AGLIALAE VAR. ROSEA. 2 to 5 feet. October and November. A variety of our native New England aster, with very large flowers in the greatest profusion. Color, clear rosy red with rich golden center.

ASTER JAPONICA VAR. GRANDIFLORA. 1 to 2 feet. May and June. Creamy white.

ASTILBE, also see Ulimaria.

BABY'S BREATH, see Gypsophila.

BALLOON FLOWER, see Dahlia.

BLANKET FLOWER, see Gaillardia.

BLEEDING HEART, see Dicentra.

BLUEBELL, see Campanula.

BOCCONIA CORDATA (Tree Calamion). 5 to 8 feet. August and September. Spikes of feathered white, splendid plaited background plant.

BOLTONIA ASTEROIDES. 6 to 8 feet. August and September. Tall plant, producing great masses of aster-like flowers, while with yellow center.

BOLTONIA LAVATRUEAE. 6 to 8 feet. August and September. Similar to above excepting color of bloom, which is light lavender, deep yellow center.

BOLTONIA LATIFOLIA NANA. 12 to 15 inches. August to September. A dwarf form of the above. A new and desirable form.

BUTTERCUP, see Ranunculus.

BUTTERFLY WEED, see Asclepias.

CAMAPANA CARPACA. ½ to 1 foot. June to October. Like the other Campanulas, the flowers are bell-shaped. In this species they are produced singly on delicate wiry stems, and are deep blue. One of the best dwarf plants.

CAMAPANA CARPACA VAR. ALBA. ½ to 1 foot. June to October. Similar to preceding excepting color of the flowers, which are white.

CAMAPANA PERSICIFLORA. June to October.

This species produces its flowers on stems 2 to 3 feet high. The flowers are in loose clusters, and are very effective. Color blue.

CAMAPANA PERSICIFLORA VAR. ALBA. June to October. Pure white.

CAMPANULA GLOMERATA. ½ to 2 feet. June to October. Blue spikes. Fine border plant and if naturalized among shrubs will remain vigorous for years.

CANDYTUFT, see Thalia.

CAMOMILE, see Anthemis.

CERASTUM TOMETOSUM (Snow in Summer). May and June. 6 inches.

CENTAUREA GYMNOCARPA (Dusty Miller). 1 to 3 feet. Velvety white fern-like foliage, fine for borders.

CHRISTMAS ROSE, see Heleborus.

CHRYSANTHEMUM LUCANTHEMS HYBRIDUM (Burbant's Shasta Daisy). Flowers are of the purest glistening white, about four inches in diameter.

CHRYSANTHEMUM UNGINOSUM. 4 to 5 feet.

July to September. The Giant Daisy.

CHRYSANTHEMUM HARDY GARDEN. Pompons.

The hardy garden types are most valuable for late fall flowers. The plants we offer are well established in pots and will flower abundantly the first season.

Price per pot: 25 cents; per 10 pots, $2.00; per 100 pots, $15.00.

VARIEG.

Dinazulu. Violet pink.

Duned. Bright scarlet maroon.

Rhoda. Delicate shade of silver pink.

Cerise Queen. Striking shade of cerise pink.

Donkla. Bright golden yellow.

Gloire de France. Exquisite silver pink.

Goldfinch. Small, golden yellow.

Queen of Whites. Large, creamy white.

Queen of Bul. Beautiful violet rose.

Prince of Wales. Pure white.

Sunset. Bright golden bronze.

CONVALLARIA MAJALIS (Lily of the Valley). 2 to 6 inches. May, June.

$0.50 $2.00 $3.00

Clumps of roots .......................... 25 2.00 15.00

CAREOPSIS LANCALOTA (Tickseed). 1 to 2 feet. June to October. One of the best golden yellow flowers for the garden. Star-like blooms produced on wiry stems.

Lilies of the Valley, see Convallaria, this page.

The above Hardy Herbaceous Plants are offered in three sizes, as follows, unless otherwise noted. The very heavy field clumps can only be supplied in the sorts marked with a * to the left.

Very strong Field Clumps (Espress or Freight) .......................... Each. Per 10. Per 100.

Strong Field Grown, and Husk (Espress recommended) .......................... 30c. $1.00 $35.00

Smaller size (mostly field grown) .......................... 15c. 1.25 10.00

FOR SPECIAL DISCOUNTS SEE PAGE TWO.
C to F

HARDY HERBACEOUS PLANTS.

CORONILLA VARIA (Crow Vetch). June to August. A rampant creeper, with hand-some globular heads of showy bright pink, and white sweet pea-shaped flowers; a useful plant for covering tough banks for the CROWN VETCH, see Coronilla. DAPHNE, see Evergreen Shrubs. DAISY, see Bellis and Chrysanthemum. DAISY SHASTA, see Chrysanthemum. DAY LILY, see Punica. DELPHINIUM ELATUM (Bee Larkspur). 3 to 6 feet. June to August. Deepst blue.

DELPHINIUM FORMOSUM. 3 to 6 feet. June to August. This type of Larkspur is superb. Color, soft porcellian blue; produced on tall spikes.

DELPHINIUM GRANDIFLORA (Chinese Larkspurs). 2 to 3 feet. June to September. A form of Larkspur with delicate cut foliage and producing a profusion of flowers of deepst blue, light blue or white, on loosely arranged spikes.

DESMODIUM PENDULIFOLIUM. Sept. and Oct.

While it is a true herbaceous plant the growth is so full and shrublike that by Fall it has made a bushy plant from 3 to 5 feet high. Covered with wine red, pea-shaped bloom, which makes it very attractive. It is effective planted in masses which it has room to develop, grouped with shrubs or in the herbaceous border. A few large clumps at 50c. and 75c. each, smaller sizes same price at other plants.

DIANTHUS BARBIATUS (Sweet William). 1 to 2 feet. July to September. Dear to the heart of any a flower lover, the literature of the old-time garden teems with pleasant references to this splendid plant. Perfectly hardy and easily grown, its brilliant flowers lasting for many weeks.

ALL COLORS MIXED. No end of combinations of color. EMPEROR WILLIAM. The most intense velvety crimson red. Imagineable.

PEACH BLOW. A most delicate pink suggesting a shading of sulphur.

DIANTHUS PLUMARIUS (Scotch Pink). 9 to 12 inches. May and June. Pink, fragrant.

DIANTHUS PLUMARIUS VAR. HER MAJESTY. 9 to 12 inches. May and June. Double white; fragrant. As large and finely formed as a carnation pink.

DIANTHUS PLUMARIUS VAR. PERPETUAL SNOW. 9 to 12 inches. May to October. A revelation in Hardy Pinks. Beautifull changed, pure white, clove-scented.

DIANTHUS PLUMARIUS HYB. NAPOLEON III. 9 to 12 inches. May to September. Clear brilliant rose.

DIANTHUS PLUMARIUS VAR. WHITE RESERVE. 9 to 12 inches. May to July.

Beautiful double white and very fragrant.

DICENTRA EXCELSA. 1 to 2 feet. May to September. Pink. A beautiful Bleeding Heart of dwarf habit, producing graceful spikes of pendant blooms.

DICENTRA SPECTABILIS (Bleeding Heart). 2 to 3 feet. May and June. Rose and white, as well as a cut flower.

DICTAMNUS ALBUS FRAXINELLA (Gas plant). 2 to 3 feet. June and July. Very fragrant.

DICTAMNUS ALBUS VAR. RUBRA. 2 to 3 feet. June and July. Rose color.

DIGITALIS PURPUREA (Fox Glove). 3 to 5 feet. July and August. Old-fashioned gardener favorite of eastern culture.

DORONICUM PLANTAGINEUM VAR. EXCELSUM (Harp's Bells). 3 to 5 feet. May and June. Large showy yellow flowers.

ECHINACEA PURPUREA (Purple Cone-flower). 3 feet. 5 to 6 feet. May to September.

EIMEPIDUM ALPINUM VAR. RUBRUM. 12 to 15 inches. June to July. Crimson.

EIMEPIDUM PINNATUM VAR. COLOCHICUM, 10 to 12 inches. Brilliant golden yellow. May to June.

EIMEPIDUM DIPHYLLUM ROSEUM. 10 to 15 inches.

DICEN

EIMEPIDUM LILACINUM, 1 to 2 feet. July to June.

Beautiful lilac flowers.

EIMEPIDUM MUSCCHIANUM. 10 to 15 inches. May to June. Pale yellow flowers.

EIMEPIDUM MACRANTHUM NIVUEUM. 10 to 12 inches. May to June. White.

E RIANTHUS RAVENNACAE (Ravenna Grass). 6 to 10 feet. Green. One of the tallest grasses. 25c. to 50c. each, according to size of clump.

ERYNGIUM AMETHYSTINUM (Sea Holly). 3 to 4 feet. July to August. Finely cut shiny foliage with thistle-like flowers of amethystine blue.

EULALIA, see Miteanthus.

EUPHORBIA COROLLATA (Spurge). 1 to 2 feet. July to October. White. Splendid border plant.

FALSE INDIGO, see Baptisia.

ESTUCA GLAUCIA. 1 to 1½ feet. June. Silvery blue foliages. GRASS.

FLAGS, see Iris.

The above Hardy Herbaceous Plants are offered in three sizes, as follows, unless otherwise noted. To supply very field clumps can only be supplied in the sorts marked with an * to the left.

Very strong Field Clumps (Express or Freight) ................................ Each Per 10 Per 100
Very Strong Field Grown, usual size (Express recommended) .......... 25c. $3.00 $30.00
Smaller size (mostly field grown) ........................................... 15c. 1.25 10.00

FOR SPECIAL DISCOUNTS SEE PAGE TWO.
Asplenium Filix-femina (Lady Fern), large, handsome Fern 2 to 8 feet high, with fine double fronds.

Asplenium Thelypteris (Silver Spleenwort). Attains a height of three feet, but is found twice as high in the shade. Its fronds are 1 foot long. Poorly adapted to cultivation.

Dennstaedtia Punctilobula (Hay-scented or Goosefoot Fern). Grows 1 to 2 feet high. Fronds are green.

Dryopteris Cristata (Crested Wood Fern). This is an evergreen Fern. Grows about a foot high.

Dryopteris Marginalis (Even Green Wood Fern). One of our prettiest evergreen species.

Dryopteris Spinulosa (Wood Fern). Fronds green, about 15 inches high.

GAILLARDIA ARISTATA (Blanket Flower). 2 to 3 feet. July to Oct. Bright red, yellow, or orange-colored flowers.

GEUM HELDREICHI. 10 to 12 inches. May to August. Pretty border plant, producing beautiful orange-colored flowers.

GEUM HELDREICHI SPLENDENS. New variety even more showy than preceding.

GERMAN IRIS, see page 27.

GIANT REED, see Arundo.

GOLDEN-GLOW, see Rudbeckia.

GOLDEN ROQ, see Solidago.

GRASS SEED, see page 29.

GRASSES, see Eriani dus and Miscanthus.

GROUND IVY, see Nepeta.

GYPSOPHILA PANICULATA. 3 to 4 feet. July to October. Known as Infant's Breath. Produces a mass of the smallest white flowers so disposed as to form a veritable cloud of bloom. Keens well when cut.

GYPSOPHILA PANICULATA FL. PL. 3 to 4 feet. July to October. One of the finest double evergreen plants.

HARDY FERNS, see Ferns.

HELENIUM AUTUMNALE (Sneezeweed). 6 to 7 feet. August and September. One of the best tall-growing garden flowers; in large masses, the flowers resemble those of Helianthus. Grows about 1 foot high. The variety of Helium produces coppery red flowers of a rich shade.

HELIANTHUS MAXIMILIANI. 4 to 6 feet. August to October. Fine golden yellow, valuable late flowering plant.

HELIANTHUS MULTIFLORUS PL. PL. 3 to 4 feet. August to October. Resembles Golden-Glow, but more double and less tall grower.

HELIANTHUS ORGALIS. 5 to 7 feet. October and November. The tall flower spikes of the plant produced so late in the season with their medium-sized, sunflower-like blooms, disposed all along the stems, make it especially useful.

HELIOPSIS LAVES. 4 to 6 feet. July to November. Another good hardy plant with rich yellow daisy-like flowers in great profusion.

HELEBORUS NIGER (Christmas Rose). 6 to 15 inches. October to March. This interesting plant really produces its flowers in the winter, out of doors. Dainty begonia-like blooms, almost hidden in a clump of glossy evergreen leaves. It is best to select a place for this plant which is sheltered from the winds in winter and where it can remain for years undisturbed.

The following yellow lilies are all very desirable.

HEMEROCALLIS FLAVA (Lemon Lily). 2 to 3 feet. June and July. Pale lemon yellow; fragrant. A favorite for borders in greenhouse masses.

HEMEROCALLIS FULVA (Orange Lily). 2 to 4 feet. July and August. This grand old lily is now much in demand for naturalizing in large masses and when wanted in large quantities we wish to be glad to quote special prices.

The above Hardy Herbaceous Plants are offered in three sizes, as follows, unless otherwise noted. The very large clumps can only be supplied in the sorts marked with an * to the left.

FOR SPECIAL DISCOUNTS SEE PAGE TWO.
Japanese Iris (Iris Kämpleri or Leavigata.)

Japanese Iris, wonderfully varied in color and form. Very robust, stems branched, flowers of larger size, with very clear, late, deep yellow at base, changing to a soft azure blue.

KATHRYN. Early, tall and vigorous; broad, pale blue, beautifully veined royal purple.
KUMO-NO-SHO. A late, mid-season, tall, good size, white at base, freely veined rose, which suffuses the segment at the outer margin.
KURENO-NYE. A late, double, splendid form, richest velvety royal blue, suffused slightly with royal purple, brilliant yellow throat.
OSHOKUN. Double, early, very tall and branching, flower large and showy, segments rich royal blue, deeply veined deep azure blue with white radiating tints.
PYRAMID. Early to late, very strong grower and free bloomer, of largest size and splendid form, segments light blue at base, deep blue on margins, suffused with royal purple.
QUEEN SILVER. Early, medium size, of the purest waxy white.
ROSY-MORN. Mid-season, tall and graceful, white at base, shading to deep rose.
SNOW BOUND. Double, purest white, large and vigorous.
URCIN. Double, mid-season, tall, and much branched, flower large, pale blue white, changing to rich clear blue.

German Iris (Iris Germanica) (Fleur-de-Lis.)

These splendid garden plants have been favorites for years and are so hardy and easily grown and produce such a bountiful display of beautiful flowers that they can be considered one of the most important of our garden plants. They are of easiest culture, requiring no special treatment, and will remain for years, even enduring neglect, and produce regularly each year their fine display of blooms.

AURIOLE. Late, medium dwarf, very similar to Sans Souci in form and color, beautifully penciled deep velvety purple.
BLUE-BIRD. Medium to tall and quite early, full, incurved, of a clear deep blue color.
BRIDESMAID. Medium to tall, mid-season; very full and incurved, light rosy blue, changing to rosy lilac on the margins, which are exquisitely suffused rose purple.
CANDICANS. Mid-season and medium size of growth; very little incurved and of the clearest pale blue; freely veined with splashes of pure white.
DECORA. Medium to low, mid-season, clear blue, white veined with rosy purple.
EDITH COOK. Medium to low grower, mid-season to late, of strong vigorous habit; of the clearest deep yellow, freely splashed rosy purple.
ERNST BERNOT. Early to mid-season, medium to tall, very free bloomer; delicate orange exquisitely suffused rosy purple.
GARFIELD. Tall, medium to late, light blue, changing to rosy lilac on margins; light beard.
LA VALETTE. Tall, late, good fall form, very full and incurved; general color, a clear pale blue, suffused with rosy tints.
MAID, CHEREAU. Tall and late, of beautiful and unique form; pale blue and penciled with darker blue on the margins.
MAID, MODESTE. Medium to late. Incurving, pale blue splashed and margined purple.
PALLADA. Very late and tall. Resembles the early Florentine in its full large form. Color rich blue, being suffused with velvety royal purple.
POND POINT. Tall, very vigorous, very large and handsome, clearest deep blue.
QUEEN OF GYPSIES. Tall and late, rich old gold, delicately suffused and penciled with rosy lilac; with beautiful penicillings of a deeper blue.
SILK. A splendid late season, clearest intense yellow, incurved, russet veining.
SILVER KING. Similar if not the same as Florentine. The earliest of the tall large type, of ideal full form, and when first unfolding is of the purest white, changing to white at maturity.
WALNERI. Mid-season and medium grower, of a clear light blue suffused with royal purple.

German Iris, good old favorite. Few hardy garden plants are more desirable.
HARDY HERBACEOUS PLANTS.

*HEMEROCALLIS FULVA VAR. VARIEGATA. 2 to 4 feet. A form of the preceding with variegated green and white foliage.

*HEMEROCALLIS FULVA VAR. KWANSO. 2 to 4 feet. July and August. Orange red; semidouble.

HEMEROCALLIS MIDDENDORPHIANA. 1 to 2 feet. June to July. Deep golden yellow.

HEMEROCALLIS MINOR (Early Lemon Lily). 1 to 2 feet. June to July. Lemon yellow.

HEMEROCALLIS THUNBERGII (Late Blooming Lemon Lily). 2 to 3 feet. Late June and July.

HEUCHERA SANGUINEA (Coral-Bells). ½ to 2 feet. July to October.

The leaves are circular, with delicately fringed edges and of an attractive grayish marbled green and evergreen. Flowers coral red, small, and borne in loose clusters.

HIBISCUS MOSCHEUTOS (Marsh-Mallow). 3 to 5 feet. July to September. Rosy pink.

HIBISCUS MOSCHEUTOS VAR. CRIMSON EYE. 2 to 3 feet. Early July to September.

Like the preceding in form and habit in growth. The flowers, however, are much larger. Of the purest white, excepting at the center, which is crimson.

HOLLYHOCKS, see Althaea.

IBERIS SEMPERVIRENS (Candytuft). 6 to 12 inches. April and May. White; evergreen foliage, makes a nice foreground border plant.

IRIS GERMANICA, see page 27.

IRIS PUMILA. 6 to 12 inches. April and May in the following hybrids.

IRIS PSEUDACORUS. 3 to 5 feet. June. Very robust, flowers of medium size, intense clear, deep yellow.

IRIS SIBERICA. 2 to 3 feet. June. Robust growers, foliage somewhat like the Japan Iris. Flowers borne on slender stems, well up above the foliage; color, clear rich blue. Flowers are somewhat larger than our native field Iris. In bloom with the late German Iris. Very desirable and especially so naturalizing.

IRIS SIBERICA ALBA. Similar to preceding but white.

IRIS SIBERICA PL. FL. Double form. Blooms late with the Japanese Iris.

IRIS SIBERICA VAR. ORIENTALIS. 3 to 5 feet. June. A beautiful Iris of the most vivid velvety deep blue, of medium size and blooming with great freedom.

JACQUES LADDER, see Polemonium.

JAPAN IRIS, see Iris Laevigata, page 27.

KNIPHOFIA ALOIDES (Fritoma, Torch Plant). 2 to 3 feet. August to October orange and scarlet. Known as the Red Hot Poker. A desirable border plant.

LARKSPUR, see Delphinium.

LATHYRUS LATIFOLIUS (Perennial Pea). 5 to 6 feet. June to October. Rosy pink.

LAWN GRASS SEED, see page 26.

LEMON LILY, see Hemerocallis.

LESPEDEZA SIEBOLDI, see Desmodium.

LATRIS PYCNOTSTACHY A (Kansas Gay Feather). 4 to 6 feet. July to August.

Most showy and attractive plants, producing spikes of rose-purple flowers.

LILIUM AURATUM (Golden Banded). June to August. The tallest of all the lilies.

LILIUM ELEGANS VAR. BICOLOR. Bright red, otherwise like preceding.

LILIUM SPECIOSUM VAR. ALBUM (Japan White Lily).

Lily of the Valley, see Convallaria.

LILY OF THE VALLEY, see Convallaria.

LINUM PERENNE. 1 to 2 feet. June to July. Light blue. An annual for the flower border.

*LOTUS CORNICULATUS (Baby's Slippers). July to November. Bright yellow; spreading on the ground. Good foreground border plants.

LYCHNSIS CHALCEDONIA. 1 to 2 feet. May and June. Scarlet lighting.

LYCHNSIS CHALCEDONIA VAR. ALBA. 2 to 3 feet. June to July. White flowering.

LYCHNSIS CHALCEDONIA VAR. RUBRA PL. A very beautiful new variety.

LYCHNSIS HAGEANANA. 12 to 15 inches. May to July. Brilliant orange, scarlet flowers.

LYCHNSIS VISCARIA VAR. ALBA. 12 to 15 inches. May and June. White. A very dainty plant with evergreen foliage.

LYCHNSIS VISCARIA VAR. RUBRA PL. 12 to 15 inches. May and June. Produces masses of very brilliant rose colored flowers, resembling Scotch pinks.

LYSIMUM CHALCEDONIA. 1 foot. June to August. Flowers white.

The above Hardy Herbaceous Plants are offered in three sizes, as follows: A medium sized flower. The very best field clumps can only be supplied in the sorts marked with an * to the left.

Very strong Field Clumps (Express or Freight) Each Per 10 Per 100
Very strong Field Grown, usual size (Express recommended) 50c. $1.40 $23.00
Strong Field Grown, usual size (Express recommended) 25c. 2.00 15.00
Smaller size (mostly field grown) 15c. 1.25 10.00

FOR SPECIAL DISCOUNTS SEE PAGE TWO.
L.SYMIACHIA X U M U L A R I A

MALLOW, see Hibiscus.

MARSH-MALLOW, see Hibiscus.

MADWORTH, see Althaea.

MEADOW RUE, see Thalictrum.

MEADOW SWEET, see Spiraea.

MILK WEEED, see Asclepias.

*MISCANTHUS SINENSIS* (Eulalia Japonica). 6 to 8 feet. This and the next following are what are generally known as Japan plume grasses. They are very ornamental in growth and reach their height of perfection in Fall when the showy plumes appear. These plumes remain on all winter and well into the spring.

*MISCANTHUS SINENSIS* VAR. *VARIEGATUS*. 6 to 8 feet. Foliage striped with white, otherwise like preceding.

*MISCANTHUS SINENSIS* VAR. *ZEBRINUS*. 6 to 8 feet. White mid-rib.

*MIONARDA DIDIYMIA* VAR. *SULPHUREA* (Be-Balm) (Bergamot). 2 to 3 feet. July to October. One of the old garden plants which will ever be popular.

MONKSHEAD, see Aconitum.

MYOSOTIS PALUSTRIS (Forget-me-not). 2 to 3 inches. April to Oct.

PADANTHUS, see Belemcanda.

PAEONIES, see page 32.

PANSY, see Viola.

PAPAVER NUDICAULE (Iceland Poppy). 1 to 2 feet. June to November. These interesting little poppies with their smooth-blush green foliage and bright golden to orange flowers produced at intervals all summer are among our most desirable garden plants.

PAPAVER ORIENTALE (Oriental Poppy). 2 to 3 feet. June and July. Great showy flowers of the most dazzling brilliancy.

The following new varieties of this beautiful oriental poppy range in color from almost white to the deepest red-black, 50c. grade only.

Dazzler. The most brilliant fiery scarlet.

Duke of Teck. Crimson scarlet.

Goliath. Enormous scarlet flowers.

Lady Rosae. New, distinct, terra-cotta.

Mahony. Darkest carmine-purple.

Marie Studholm. Pure salmon silvery shading with touch of carmine.

Mrs. Marsh. Orange scarlet, white spots.

Princess Victoria Louise. Pure rose.

Queen Alexandria. Clear salmon rose.

Rembrandt. Enormous size, distinct shade of orange salmon.

Royal Scarlet. Glowing scarlet.

PEA, see Lathyrus.

PENSTEMON DIGITALIS (Beard-Tongue). June and July. 2 to 3 feet. Nodding white tubular flowers.

PEPINICKLE, see Vinca.

PHALARIS ARUNDINACEA VARIEGATA. 2 to 3 feet. (Ribbon Grass).

PHLOX AMOENA. 3 to 5 inches. April and May. Very desirable for carpeting the ground and for rockeries. Bright pink.

The above Hardy Herbaceous Plants are offered in three sizes, as follows, unless otherwise noted. The very heavy field clumps can only be supplied in the sorts marked with * a * to the left.

PHLOX DIVARIACATA (Wild Sweet William). 6 to 8 inches. April and May. Lilac, showy; very attractive and desirable.

PHLOX GLABERDMA VAR. SUFFRUTICOSA. 2 to 3 feet. June and July. Lilac, rose, white—five varieties.

PHLOX, Paniculata, Tall Garden Varieties. Among the most popular of the hardy garden flowers and justly so. Perfectly hardy, easy to make thrive, and producing gorgeous color effects. The following list has been selected from our large collection as comprising the cream of the distinct colors. Other varieties can also be supplied.

PHLOX BACCHARIS. A large flower, rose carmine color, center violet tinged with rose. COQUELICOT. Brilliant as an Oriental poppy; orange-scarlet, one of the best.

PHLOX GLAUCUM. Purple-crimson with light halo; a fine large flower.

PHLOX, ALBA. Bright red, tinged with salmon. FLAMBEAU. Orange-scarlet, dark center.

PHLOX, GRANDIFLORA. Pink, very large.

PHLOX, INDIANA. Tall grower, late bloomer, fine large creamy white flowers.

PHLOX, SHEPHERDIANA. Medium tall grower, very vigorous, panicles of very salmon-red florets.

PHLOX, AMERICA. White, very free. Unsurpassed for producing solid mass of white. Early to mid-season.

LUSTRUM. Light rosy pink, medium tall grower.

MADAME BEZANSON. Best crimson, very large.

MARIE LOUISE. Tall grower, medium late; flowers rose to white, even varying to pink and white.

MISS LINGARD. White with pale pink eye, eye pancreis, good form and texture.

PANTHEON. Very vigorous grower and early bloomer; florets of enormous size and of a uniform clear deep rose pink color.

PLAGIDA. Very strong grower and late, very large panicles of rosy lilac florets, of a surpassing beauty.

PREMIER MINISTER. Very strong grower, late bloomer, enormous heads of large florets, pink, almost white, changing to the deepest crimson in the center.

VAR. ALBA. White, a fine form of the above.

VAR. ATRO-RUBRA. Clear deep claret.

VAR. SADIE. Clear white with the slightest shading of rosy lilac, producing a very effective tint; one of the best.

PHLOX, STRIATA. Very large panicles of clear pink flowers.

PHLOX, VIRGINICA. 3 to 4 feet. July and August.

PHLOX, VIRGINICA VAR. ALBA. 3 to 4 feet. July to August. A white form, see Dictamnus.

PHLOX, GRANDIFLORUM. 2 to 3 feet. June to October.

PHLOX, GRANDIFLORUM VAR. ALBUM. 2 to 3 feet. June to October.

P. O. BOX 36 HAVEN, N. Y.

The above Hardy Herbaceous Plants are offered in three sizes, as follows, unless otherwise noted. The very heavy field clumps can only be shipped in the soris marked with a * to the left.

FOR SPECIAL DISCOUNTS SEE PAGE TWO.
SEDUM SIEBOLDII. 3 to 4 inches. August to September. Flowers bright pink.
*SEDUM SPECTABILE (Showy Sedum). 1 to 2 feet. September and October. A beautiful plant, the showy flat panicles of rosy pink being very effective.
SHASTA DAISY. see Chrysanthemum.
SOLIDAGO (Golden Rod) in variety.
SNEEZE WEEVER. see Helianthus.
SPEEDWELL, see Veronica.
SPIRAEA ARUNCUS, see Aruncus.
SPIRAEA FILIPENDULA, see Umlaria.
SPIRAEA GRANDIFLORA, see Astilbe.
SPIRAEA MATA, see Umlaria Purpurea.
SPURGE, see Euphorbia.
*STACHYS LANATA (Wooly Woundwort). 1 to 1½ feet. July and August.
*SORENTE TATIFOLIA (Sea Lavender). 1 to 2 feet. August and September. A beautiful plant producing a cluster of broad evergreen leaves from 4 to 6 inches long. The flowers are produced on slender wiry stems which branch into a bushy head of branches bearing small blue flowers in profusion. Thrives at seaside.
STOKESIA CYANEAE (Stoke's Aster) (Corn Flower Aster). 1 to 2 feet. July to September. Double, light blue, blue two, four inches in diameter.
SUNFLOWER, see Helianthus.
SWEET-WILLIAM. Very handsome.
SUNFLOWER, see Helianthus.
VALENIA, see Dianthus.
THALICRUM AQUILEGIFOLIA (Feathered Columbine). 1 to 3 feet. May to July. White.
THALICRUM MINUS VAR. ADIANTIFOLIUM. 1 to 2 feet. July and August. Flowers delicately arranged and graceful.
*THALICRUM POLYGONUM (Rue Anemone). 2 to 3 feet. July and August. White. A very graceful native plant which thrives well in the garden.
*THYME GRANDIFLORA (Golden Thyme). Very trailing. Orange scented.
*THYME SERPHELLUM (White Mt. Thyme). Forming dense mats of dark green foliage with white flowers.
TORCH LILY, see Kniphofia.
TRADESCANTIA VIRGINICAE. 1 to 2 feet. June to Aug. Blue; grass-like foliage.
TRADESCANTIA ALBA. 1 to 2 feet. June to August. White form.
TRITOMA UVARIA, see Kniphofia.
TROLLIUS ASIATICUS. ½ foot. May. Orange; a rare and beautiful garden plant.
TROLLIUS GRANDIFLORA. Similar to preceding with clear yellow flowers.
ULMARIO FILIPENDULA (Spiraea Filipendula). 2 to 3 feet. May and June. Beautiful fern-like foliage which remains fresh and green throughout the Summer. Flowers are produced on spikes and are white and very graceful.
*ULMARIO PENTAPETALA VAR. FL. PL. 2 to 3 feet. May and June. Very beautiful.
ULMARIO FILIPENDULA VAR. ELEGANS (Spiraea Palmatas). 2 to 3 feet. May and June. Light pink.
ULMARIO FILIPENDULA VAR. RUBRA. 2 to 6 feet. May and June. Deep rose red.
UNIOLA LATIFOLIA (Spike Grass). 2 to 4 feet. Very ornamental.
VALERIANA VIRGINICAE (Garden Heliotrope). 4 to 6 feet. September and October.
White; fragrant. An old garden favorite.
VERONICA SPURIA (Amethystina) (Speedwell). 1 to 2 feet. May and June.
Blue; spike flowers.
VERONICA LONGLIFOLIA VAR. SUBSESSILIS. 2 to 3 feet. July to September.
Spikes of small flowers of the deepest clear blue make this plant very desirable.
*VERONICA INCANA (Hairy Speedwell). 1 to 2 feet. July to September. Blue, delicate.
*VERONICA SPICATA. 2 to 4 feet. June to August. Deep blue in spikes.
*VIOLA MATRACA (Crested Violet). (Periwinkle). One of the best evergreen plants for covering the ground and is a success in quite shady woods, provided the ground is fertile.
VINCA MINOR VAR. ALBA. A pure white variety of preceding; not common in cultivation, but should be, as it is quite as easy to grow, and the white flowers are very beautiful.
VINCA MINOR VAR. ROSEA. A variety of the Myrtle with rosy red flowers of a very pleasing hue.
VIOLA CORYMBOSA (Crested Violet). Beautiful pansy-like violets with blue flowers and glossy foliage.
VIOLA CORNYMA VAR. ALBA. Like the preceding; with pure white flowers.
VIOLA CORNYMA HYBRIDA VAR. LUTEA SPLENDENS. This hybrid produces beautiful yellow flowers, and is a splendid new plant.
VIOLA ODOREATA VAR. FL. PL. (Sweet English Violets). The true double, sweet-scented English hardy violet. Color is of the deepest blue and produced in such great profusion in the early spring as to quite cover the plant and fill the air with their delightful fragrance.
VIOLA ODORATA VAR. ALBA. Like preceding other than the flowers, which are single white.
VIOLA ODORATA VAR. FL. PL. Another beautiful form. Flowers double white, very large, tinted with pale blue.
VIOLA TRICOLOR (Garden Pansy). Our pansies are especially fine and stocky. Prices, each 5 cents; per 10, 40 cents; per 100, 3.00. per 1,000, 25.50. Ready March 15th.
WOODRUFF; see Asperula.
WINDFLOWER, see Anemone.
WYRO, see Achillea.
YUCCA FILAMENTOSA (Adam’s Needle). One of the most valuable plants in cultivation for general garden and landscape plant ing. Its dagger-like foliage, which is evergreen, forms an attractive clump of foliage from which the large green Myrtle, tall and stately spikes 3 feet to 6 feet high, bearing large panicles of white lilies which are most picturesque and decorative.

The above Hardy Herbaceous Plants are offered in three sizes, as follows, unless otherwise noted. The very heavy field clumps can only be supplied in the sizes marked with a star in the left hand column:

Paeonies (Herbaceous.)

The Paeony is to-day without a rival as a hardy garden favorite, and quite naturally so, as no other hardy garden plant thrives with as little special care and produces as fine a display of gorgeous blooms. The great diversity of colors and form which can now be obtained, very much increases the importance of the Paeonia.

Selected List of Varieties.

NOTE. The number to the left of the variety indicates the sizes we have to offer of that variety.

1, 2, 3, 4. Ambroise Verschaffelt. Dazzling red. Large cup-shaped. Late.
1, 2, 3, 4. Atrosanguinea. One of the best double reds. Deep, full and broad bloom.
1, 2, 3, 4. Canari. White, with yellow center. $1.00, 75c, 50c.
1, 2, 3, 4. Caroline Mather. Very large double, rosy crimson. Silky petals, yellow center.
1, 2, 3, 4. Cleopatra. Violet rose, rich yellow stamens. Single. $1.00, $1.00, 75c.

Paeonia Festiva Maxima, a magnificent chilid, see description on this page.

Prices for Herbaceous Paeonies, except where otherwise noted.

Numbers to the left of the variety indicate the sizes of that variety we have to offer.

ROSES—are a specialty at the nursery, our sales amounting to many thousands annually. The plants are strong, field-grown bushes, large enough to make a sturdy growth and produce a profusion of bloom right away. This grade of plants is very popular with our customers.

Prices of all Roses.

Orders for Spring Delivery should reach us before May 1st.

Very strong field grown, each, $0.50; per 10, $4.50; per 100, $30.00.

Medium grade, field grown, each, $0.30; per 10, $2.75; per 100, $20.00.

Light grade (our selection of varieties only), each, $0.20; per 10, $1.80; per 100, $15.00.

Our roses should not be confused with the department store articles often offered. Our roses are all selected strong field-grown dormant plants dug fresh from the open ground and securely packed for each order.

Garden Hybrid Roses—Strictly Hardy.

This class of roses blooms profusely in June and at intervals throughout the Summer and Fall. The popular hardy garden roses mostly belong to this class and are always satisfactory. Do not allow roses to suffer from want of plenty of fertilizer, as they are gross feeders, and only when they have plenty to feed on can they be expected to produce best results.

Alfred Colomb. Brilliant carmine crimson; very large, full, and of fine globular form.

Anne De Diesbach. (Syn. Glory of France.) Carmine, a beautiful shade; very large. A superior garden sort; fragrant.

Baby Rambler. The rose hybridists certainly made a remarkable happy combination when they succeeded in creating this wonderful new rose. Imagine a bushy rose just right for the flower garden or a pot plant as to size with all the beauty of color and great clusters of the crimson rambler and add to this that it will bloom constantly all summer. Perfect in form and color.

Baron De Bonstetten. Rich velvety maroon; large, full. A splendid sort.

Clio. Flowers large, of fine globular form, flesh-color, shaded in the center with rosy pink; growth vigorous.

Countess of Oxford. Cherry red, fine form, beautiful foliage, fragrant.

Evel of Dufferin. Rich brilliant velvety crimson, shaded with dark maroon; large, full, fine, very fragrant. Delightful fragrance.

Fisher Holmes. Similar to the Jacqueminot.

Francs Levet. Cherry pink; medium size; well formed; vigorous habit.

Frau Karl Druschki. Flowers very large, beautiful, pure white. This is one of the best white hybrid perpetuals yet introduced.

General Jacqueminot. Brilliant crimson; not full, but large and extremely effective; fragrant, and of excellent habit.

Jubilee. A fine velvety crimson rose.

Jules Margettin. Carmine rose, fine in open flower and in bud.

Madame Gabriel Luitzet. Pink, distinct; very large, cup-shaped.

Marchioness of Lorne. Large, full, rose-color, shaded with carmine.

Magna Charta. Pink, suffused with carmine; full globular. Excellent rose.

Margaret Dickson. Of magnificent form; white, with pale flesh center; petals very large, shell shaped.

Marshall P. Wilder. Large, well formed; color cherry-carmine and very fragrant.

Mrs. John Loring. Soft pink; produced on strong stems.

Mrs. R. G. Sharman Crawford. Rosy pink, outer petals shaded with pale flesh, white at base of petals; of perfect imbricated form.

Paul Neyron. Deep rose color; by far the largest variety in cultivation.

Prince Camille de Rohan. Deep velvety crimson; large, moderately full.

Ulrich Brunner. Brilliant cherry red, a very effective color; flowers of fine form.

Victor Verder. Bright rose, with carmine center, a very clear shade of color.

FOR SPECIAL DISCOUNTS SEE PAGE TWO.
Rosa Rugosa and its Hybrids.

Rosa Rugosa in its several forms not only makes an effective individual plant, but is very desirable for hedges and generous masses.

Agnes Emily Carmen. A rich red hybrid; semi-double; pointed bud.
White of Courbet. Semi-double, pure white, long pointed buds, very desirable.

Madame Geo. Brunat. In the bud state the flowers are long and pointed, when open pure white and fragrant and produced freely.
Nova Zembla. This is a pure white, beautifully formed rose, very fragrant, vigorous and free blooming.
Rugosa Alba. Single pure white flowers, highly scented; a splendid shrub-like rose.
Rugosa Rubra. Flowers single, of a most beautiful rose red, succeeded by large berries of a rich orange red color.

Hybrid Tea Roses.

Very free bloomers; hardy with slight protection.

Captain Christy. Rosy pink, perfect shape, tea scented.
Clothilde Soupert. Very double, pearly white.

Rosa Rugosa Alba.

Hermosa. Soft pink, cupped, fine bloomer, very reliable old rose.
Killarney, A charming pink Rose.

Kaiserin Augusta Victoria. An extra fine white variety; perfect in form.
La France. Delicate silvery rose, changing to silvery red; very large, full.

Maman Crochet. Flowers large, full, clear earmine.
White Maman Crochet. Pure white, tinged pink.

Rambler Roses and other Hardy Climbing Roses.

These are all splendid pillar and arbor roses; are also very effective for planting along fence lines, etc.

Baltimore Belle. Pale blush, becoming nearly white; compact and fine.

Crimson Rambler. This wonderful Japanese Rose is one of the most important and valuable acquisitions of recent years.

Dorothy Perkins. Very double and are borne in clusters of ten to twenty. The color is a clear shell-pink.
Empress of China. Delightful carmine pink roses in clusters, blooms all summer.

Lady Gay. Similar to the popular Dorothy Perkins, but lighter in color.
Manda's Triumph. Double pure white in clusters, very vigorous.

Multiflora. A charming species. Great clusters of white single flowers, showy red fruits which last all winter.
Philadelphia Rambler. The blooms are larger than the Crimson Rambler and full to the center and of a deeper crimson color, and is in full bloom before the Crimson Rambler.

Pink Rambler. Flowers medium size, pink, in clusters, very pretty.
Pink Roamer. Pink, splendid climber.
Prairie Queen. Bright rosy red, extra.

Setiger. The Michigan or Prairie Rose. Large single flowers, of a deep rose color.
South Orange Perfection. Double flowers in great profusion; color soft bright pink.

Sweet-Blu. Old favorite, fragrant foliage.

ANNE-x OF GEORGINA. Dark crimson.

Brenda. Peach, bright yellow anthers.
Trix. Creamy white with dark yellow anthers and are borne in large clusters.
Universal Favorite. Double, clear rose in clusters, very vigorous, beautiful foliage.
White Rambler. White, very vigorous.

Wichuriana. Memorial Rose, trailing species, pure white, single.

Other Choice Hardy Garden Roses.

Austrian Copper. A rare old rose of most remarkable copper-red color.

Austrian Yellow. A good old garden rose seldom seen now-days.
Blanche Moreau. (Moss.) Pure white, large, full, and of perfect form.
Blanda. Single pink flowers, followed with showy bright red fruits.

Dama. Popular old-time rose of delightful fragrance and delicate almost tea rose like delicacy in the opening buds. Pink.
Harrison's Yellow. Golden yellow, medium size; semi-double. A free bloomer.
Lucida Alba. Beautiful white form of one of our pretty low native roses.

Salet. (Ross.) Deep pink colored buds, surrounded with a mossy fringe and crest. A fragrant and very beautiful moss rose.

Spindachts. (Scotch). Dainty little roses, seldom getting more than two feet. Flowers light rose pink to white. This is a splendid little rose, very naturalizing and will grow in very dry rocky places.

York and Lancaster. Produces large semi-double blooms, splashed and striped, bright red, white and yellowish tints.

Prices see below.

In doubt as to the variety of roses wanted for any special purpose we will be glad to assist in making selections for you.

Prices of all Roses.

FRUIT Department.

FRUIT growing on a large scale is one of the country's profitable industries. No part of our country offers a better opportunity to grow high flavored or colored fruits, especially apples, than New England.

In a smaller way the home acre, yes, even the small city garden, can be made to return crops of fruit well worth all the labor expended. There is the other side, the genuine pleasure and delight many of us get, and more would if they only knew what they are missing, in watching the trees grow. From the blossoming time, when the orchards rival in beauty the flower gardens until the ripening colors appear and in the full maturity we have the actual luscious fruits of our watchfulness and care one's interest is kept at the top notch.

Apples—Standard.

Summer Apples.

Red Astrachan. Large; nearly covered with deep crimson; juicy, tart, and a good bearer.

Early Harvest. Pale yellow, tart, tender, with a fine flavor.

Sweet Bough. Large, yellow; sweet, tender and juicy.

Yellow Transparent. Pale yellow when ripe; flesh tender, juicy, sub-acid; a free grower and early bearer.

Autumn Apples.

Fall Pippin. Large, roundish oblong; yellow; flesh tender, rich and delicious. Oct. to Dec.

Maiden's Blush. Large; pale yellow, red cheeks; flesh tender and pleasant. Sept. to Oct.

Pound Sweet. Very large, yellow, very good flavor, esteemed for cooking.

Porter. Medium size, yellow, sprightly flavor, desirable.

Winter Apples.

Baldwin. Large; bright red; crisp, juicy and rich; very productive.

Ben Davis. A large, handsome, striped apple of good quality.

King. A superb red apple of the largest size and finest quality; good bearer; vigorous grower. Nov. to Jan.

Mcintosh Red. Medium, deepcr crimson, finest quality.

Newtown Pippin. Large; striped; flesh juicy, crisp and aromatic.

Red Bietigheimer. Large, yellow, freely splashed red, juicy.

Rhode Island Greening. Well-known and popular; fruit rather acid; excellent both for dessert and cooking.

Roxbury Russet. Medium size; crisp, juicy, sub-acid; hardy and a long keeper.

Prices of Apples—Standard.

Available list of the transplanted sizes sent on request.

To 9 ft., transplanted, each $1.00 to $3.00.

6 to 8 ft., selected, each 50 cts.; per 10, $4.50; per 100, $25.00.

4 to 6 ft., each 35 cts.; per 10, $1.00; per 100, $10.00.

Crabapples.

Hyslop. Large; deep crimson; very popular; late.

Transcendent. Tree immensely productive, early bearer. Excellent for sauces and pies.

Juicy and crisp; skin yellow, striped with red.

Prices same as standard apples.

Pears.

Summer Pears.

Bartlett. Buttery, very juicy and highly flavored; bears early and abundantly.

Clapp's Favorite. Very large; yellowish and melting; flushed red on sunny-side.

Wildor. One of the best early pears of fair quality.

FOR SPECIAL DISCOUNTS SEE PAGE TWO.

Autumn Pears.

Klepper’s Hybrid. An early and very prolific bearer; wonderfully showy.
Sheldon. Medium size; greencish russet; mellow, juicy, with a very brisk, highly perfumed flavor.
Seckel. Small; yellowish brown when fully ripe; flesh very fine grained, sweet, exceedingly juicy, buttery.
Worden-Seckel. Similar to preceding, but larger and more vigorous grower.

Winter Pears.

Anjou. Large; greenish, sprinkled with russet; flesh buttery, melting, with a rich flavor.
Lawrence. Yellow, covered with brown dots; flesh whitish, buttery, rich aromatic.

Prices of Pears—Standard.

6 to 8 feet, transplanted, each $1.00 to $3.00. Write for available list of transplanted sizes.
5 to 6 feet, selected, each, 75 cts.; per 10, $6.00; per 100, $50.00.

Cherries.

Sweet Varieties.

Black Tartarian. Very large; bright purpleish black; tender, juicy and of rich flavor.
Gov. Wood. Large; nearly white, with red cheek; rich and juicy. One of the best.
Napoleon Bigarreau. Very large; pale yellow or red; very firm, juicy; very productive.
Windsor. Large; dark red; flesh remarkably firm, sweet and of fine quality; productive.

Tart Varieties.

Dyhouse. Large; red, fine flavor.
English Morelo. Medium to large; blackish red; rich, juicy and good; very productive.
Early Richmond. Dark red; melting, juicy, with sprightly flavor. One of the best.
May Duke. Large; dark red; juicy and rich flavored; very early.
Montmorceny. Large; red; very productive.

Prices of Cherries.

Transplanted, each $1.00 to $3.00. Write for available list of transplanted sizes.
6 to 7 feet, each, $1.00; per 10, $5.00.
5 to 6 feet, each, 75 cts.; per 10, $6.00; per 100, $50.00.

Peaches.

Alexander. Medium size; flesh melting, juicy, sweet, very early.
Champlin. Early, large size; sweet, rich, juicy, delicious; white with red cheek.
Crawford Early. Fruit large, oblong; skin yellow, red cheek; flesh deep yellow, juicy.
Crawford Late. Large size; skin yellow, with a dark red cheek; flesh deep yellow, juicy.
Ellerta. Large; yellow, with red cheek; flesh yellow and of delicious flavor.
Mountain Rose. Large; roundish; skin whitish, almost covered dark rich red; flesh white.
Old Nixon. Skin yellowish white, with deep red cheek; flesh white red at the stone.
Stump the World. Large; white, with bright red cheek; flesh white, juicy.
Wonderful. Large; a rich golden yellow; fine flavor.

Prices of Peaches.

6 to 8 feet, extra selected, each, 50 cts.; per 10, $3.50.
4 to 6 feet, each, 25 cts.; per 10, $2.00; per 100, $15.00.
3 to 4 feet, (special low rate per 1,000), each, 15 cts.; per 10, $1.25; per 100, $10.00.

Quinces.

Apple or Orange. Large, roundish; bright golden yellow; cooks tender; excellent flavor.
Champlin. The tree is a prolific and constant bearer; fruit larger than the orange.
Bently. Large and handsome, after the orange quince type.
Rea’s Mammoth. Very large and a prolific bearer.

Prices of Quinces.

5 to 7 feet, transplanted, each 75 cts.; per 10, $4.00; per 100, $35.00.
3 to 5 feet, each, 50 cts.; per 10, $4.00; per 100, $35.00.

Plums.

Abundance. (Japan). Amber; flesh yellow; juicy, tender, sweet; productive. Sept.
Bradshaw. A very large and fine early plum; dark violet red; juicy and good.
Burbank. (Japan). Large; clear cherry red; an abundant bearer. Sept.

Pulverized Sheep Manure.

BOTH first cost, economy and ease of applying are too important factors to disregard in the handling of fertilizers. Commercial fertilizers are, no doubt, all right for special purposes, but in pulverizing machines we have nature's own way and in a most convenient form for handling. It is just as it comes from the stockyard pens, only it is thoroughly dried and put through pulverizing machines. If you have never used pulverized manure you will be agreeably astonished with the results. The weed seeds and bugs have all been destroyed.

Applied on the lawns in early spring or fall and a deep green growth will quickly follow, which will remain throughout the season under favorable conditions. For applying at time of seeding down new lawns, nothing will give better results. For lawns apply on the surface broadcast 100 pounds to the 1,000 square feet; for the garden, two to three times this amount, depending upon the soil, two or three tons to acre.

Inquire for special printed matter.

Prices of Pulverized Sheep Manure.

In bags, 100 or more pounds and less than 500, per lb., $2.00.
In bags, 500 or more pounds, $1.50 per ton.
In bags, 5,000 lbs. (ton), $125.00; five tons, $320.00. F. O. B. New Haven, Conn.
Car lots, in bag or bulk, 15 to 20 tons, f. o. b. your station, prices promptly quoted.
Five ton lots or less delivered from our own warehouse here at New Haven, Conn. Car lots shipped direct from Chicago.

Hardwood Ashes (Edgewood Brand.)

As a good all-round fertilizer, our Edgewood Brand Canada Unleached Hard-Wood Ashes, have unchallenged value. For lawns, for fruit and ornamental trees and plants, they are superior to stable manure, and far less expensive. The carry no weed seeds, are odorless, clean and easy to handle. The beneficial effect resulting from their use is immediate. Spread evenly from one to two tons to an acre, according to the condition of the soil, or, for small lawns, 100 to 200 pounds to 1,000 square feet.

Prices: We put them up in 100-pound bags: 100 pounds for $1.00; 200 pounds for $2.00; one ton, $18.00, including bags. Special prices on car-load lots in bulk or bags.

Ground Bone (Edgewood Brand.)

FOR general fertilizing purposes on the lawn, meadow or in the garden. The finer particles are immediately beneficial, the coarse keeping up the supply of plant food for a long period. Usually about the same amount advised for Wood Ashes at same time you apply the Wood Ashes. Per ton one-hundred-pound bag, $2.50; per ton of two thousand pounds, $55.00.

NOTE.--A charge to cover cost of handling made on ton lots and over when delivered by us in city or vicinity on all the above fertilizers. Less than ton lots delivered in city and vicinity at catalogue prices.

Lawn Grass Seed Mixtures.

We offer only the best grade of grass seed the market affords, and as you will note, offer it by weight. The old way of selling seed by bulk measure was at best very unsatisfactory to the purchaser. Modern flocking machines now make possible the removing of much of the chaff and foreign matter, so that seed so treated is very much heavier for the same bulk, much less quantity being required. See instructions on each package.

Quantities to use of the following mixtures: 1 lb. to 400 square feet; 100 lbs. for one acre.

Edgewood Mixture for General Use.

Composed of a variety of grasses, so as to produce a permanent velvety lawn under varying conditions and in the quickest time. Especially valuable for seeding newly graded lawn areas, pleasure grounds, golf links, etc., and for re-seeding the bare places that will appear in established lawns, and for thickening thin lawns.

Edgewood Shady Place Mixture.

A mixture of varieties specially suited for shady places, otherwise similar to the above.

Prices for the Above Mixtures.

Per lb., 25 cts. (by mail 35 cts.); 3 lbs., 65 cts. (by mail, 80 cts.); 5 lbs., $1.00; 10 lbs., $1.85; 15 lbs., $2.15; 25 lbs., $4.25; 50 lbs., $6.25; 100 lbs., $10.00.

Specimens for Immediate Effect.

At the nursery we give special attention to growing into large sizes many kinds of Fruit and Ornamental Trees, Shrubs, Vines, etc., for by their use much quicker results are obtained than by the use of smaller stock. Many instances occur where the purchaser gladly pays the higher price for these larger sizes.

Particular attention is called to our large collection of specimen Evergreens, ready for immediate effects. A visit to the nursery is desirable where the selection of individual specimens is required, however, by sending us a description of what is desired we will make careful selections. By this method we frequently fill orders to the entire satisfaction of the purchaser.

SPECIAL DISCOUNTS NOTED ON PAGE TWO DO NOT APPLY TO FERTILIZERS AND GRASS SEEDS, WHICH ARE NET.
